

For 60 years, **TIMAC AGRO**, a subsidiary of **Group Roullier**, has been offering innovative agronomic and zootechnical solutions to its customers that enhance agricultural performance in an environmentally friendly manner.

As a plant nutrition specialist, we are building on our worldwide success through a robust and dynamic structure. We also ensure full control over every step of our manufacturing and trading process.

Currently, we have an open position as a **Sales manager (Plant Nutrition Consultant)** to further develop and support our business activity in Ukraine

Location: Zhytomyr

By directly reporting to the Regional Director, you perform the following tasks:

- Finding and establishing long-term partnerships with farmers
- Promoting the full range of our products in collaboration with local distributors
- Responsibility for the portfolio of leads and implementation of the sales plan
- Reporting

Our candidate:

- Has higher education in the agricultural sector
- Has 1 year experience in agribusiness
- Has the ability to travel with a category B driver's license of more than 1 year
- Has a high level of motivation, creativity in the work, a team player

Your ambitions, your communication skills, dynamism and creativity will be key elements of success at Timac Agro Ukraine

Job Benefits:

- Challenging work in an international company
- Competitive salary and attractive bonuses system
- Compensation package
- Corporate automobile
