

ZONE SAP B1 MANAGER & DATABASE ADMINISTRATOR

At Timac Agro North Black Sea, we are looking for a candidate to join our fast-paced growing company which is one of the world's leading and innovative in plant, soil, and animal nutrition. **The Zone SAP B1 Manager** will ensure effective and efficient utilization of SAP Business One Solution across Timac Agro North Black Sea.

Your mission:

You will be in charge of developing and ensuring efficient utilization of SAP Business One in our local countries, reporting directly to the CEO Timac Agro Romania, Moldova and Ukraine and in close collaboration with French Headquarter.

Your key tasks:

- Ensure local SAP Business One is aligned to the business objectives, Group rules & CORE Model.
- Ensure local SAP Business One Development with complementary add-ons to ease our internal & external processes (implementation, testing, training and continuous support after GO-Live).
- Ensure integrity & safety SAP environment (Implement financial & logistics safety measures).
- Implement Automatic SAP Reports in collaboration with the Finance, Logistics & Commercial teams.
- Responsible for the effective & efficient usage of SAP Business One by all users.
- Ensure availability of SAP data with other platforms (Power BI, Jedox...) & collaborate for the implementation and development of those tools.

Your profile:

- You have completed a Management Information Systems Bachelor's Degree;
- You have 2 - 3 years of experience in SAP B1, MS Dynamics AX/NAV or equivalent ERP systems;
- You have well-developed technical skills in SQL queries, reporting like SSRS/Crystal Reports;
- You are hard-working with an entrepreneurial spirit; rigorous; problem-solving oriented;
- You are fluent in English.

We Offer:

- Work in a stable international company, in a multicultural environment;
- Opportunity for further personal and professional growth in the network of a multinational company;
- Take part in challenging projects with a direct impact on the agriculture industry;
- An attractive financial package and benefits
